The brass spike was set by the Monroe County Surveyor, Kevin Enright, on April 30, 2008, at 1:30 PM. The brass spike was set to replace a railroad spike that was obliterated in the course of work that began on Union Valley Road in 2000. At that time, Mr. Enright established five witnesses to tie to the monument. After the Union Valley Road's completion, the brass spike was set and accepted by the Monroe County Surveyor Review Board on June 10, 2008.
